Routine

do

do

Arranged contract for cleaning and reblocking of all Hats worthy of renovation - about 500. Fixed laundry contract for the laundering of all S.D. uniforms before returning them to N.Z. - 1 1/2 P.T. per complete uniform.

Arranged for issue of one further blanket to personnel in Maadi and the despatch of one blanket per man to Units in the W.D. The second blanket per man for Units in the W.D. is to be drawn from British sources. No fourth blanket for personnel in Maadi.

New W.E. Table issued to Bns. and they were instructed to indent up to 1098 scale. 50 Sun Compasses despatched to Units in W.D.

Wrote to Officer i/c Administration in regard to proposed arrangements re capititation and also the necessary financial adjustments consequent upon change to capititation.

Routine

do

do

With SOME to Middle East to see what arrangements have been made for providing us with Workshops. After learning of the provision intended, we decided they should be staffed by N.Z. personnel and have recommended such to A.A. & Q.M.G. and Officer i/c Administration.

Routine

With B.O.O. to Alexandria - got mixed up in the fiercest air raid of the war on Alex.

Saw DADOS, Alexandria regarding the clothing to be supplied by us as replacements etc. during the laundry of the clothing from our Units in the W.D. Saw over the whole laundry system and made arrangements to attach an Ordnance Storeman to the laundry for the purpose of looking after our interests and at the same time helping units in general with their laundry. Also arranged to draw 5000 shorts, K.D. from DADOS, Alexandria, which are required urgently for the purpose of clothing personnel of the Third Contingent. Presided at meeting of Div. Sports Executive in the evening.

It was reported to me that bad ammunition had made a number of Bren Guns Unserviceable, so stopped all shooting of CAC 1927 Ammunition and took samples of the ammunition and some barrels to the A.I.A., who confirmed my action. Also discussed with him a course for the armourers of the Third Contingent. Drew 193 Liquid Compasses for issue to Units and Officers.

Arranged transfer of Capt. N.P. Manning to Base as SOME. Put up for further Store huts for Ordnance.

Forwarded to Officer i/c Administration comments on Lt. Col. T.J. King's proposed Base Establishment.

Conference with Officer i/c Admin. in regard to financial adjustments with the War Office.

Finally located the 3" Mortar returned by rail by the 19 Bn over a month ago. Sent a new 3" Mortar off to the 19 Bn. Distributed 70 Pistols Signal. A/Tank Rifles still not available from Ordnance. Indications are that Maadi alone will constitute N.Z. Base.

19

Produced schedule indicating distribution of the Liquid Compasses and the redistribution of Compasses Prismatic MkVIII thus made available. Saw Officer i/c Admin. re inclusion of Instrument Mechanics in Base Ordnance establishment.

20

Saw Ordnance and requested them to buy welding sets for our LADs. Then on to Convalescent Depot at Moascar for conference re outfitting of personnel leaving the Depot.

21

Lt. J.O. Kelsey promoted to rank of Temp. Capt. as from Sept. 29. Advice that 6 more 3" Mortars are available. Saw DDMS re surplus 1098 Stores held by the Convalescent Depot.

22

At long last succeeded in getting authority for the issue of 10 No. 1 Portable Cookers. Gave Officer i/c Admin. points for discussion with CGS of N.Z. forces on his forthcoming visit. Reported to Div. Comm. on general condition of boots, stocks, repair organization etc. Div. Admn. exercise during the day.

25

Went to Helwan to select suitable areas for football grounds. Very few good areas available. Officer i/c Admin. and O.C. Sigs. agreed to transfer of a Sigm. to Base Ordnance as a typewriter mechanic.

26

Conference with O.O., No. 2 Sub-Depot on various matters. Also inspected furniture that may be suitable for NZEF Club.

27

Conference in connection with the expansion of the Div. Large increase envisaged which will mean considerable increase in Ordnance personnel - possibly five Independent Bde. Workshops. / Further 120 Pistols Signal to hand.

28

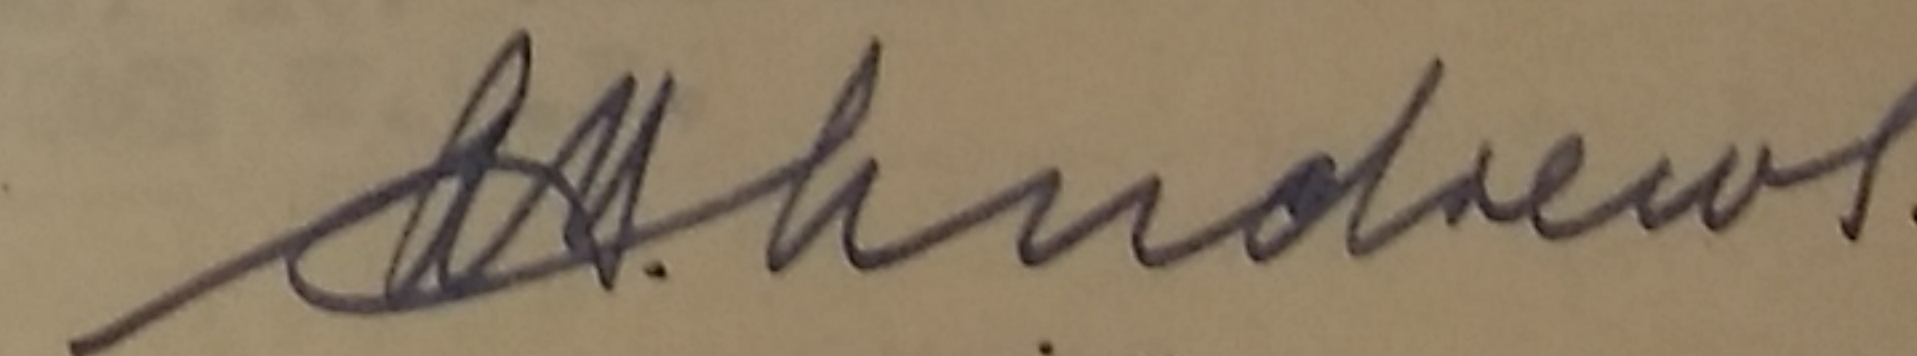

Conference with A.A. & Q.M.G. Main points - scale of mess gear for Officers messes when in the field; weight and composition of Officers kits; Went to M.E. to see if possible to obtain more Pistols - none available. Just received final grouping of Units of Fourth Reinforcements. From the point of view of provision of camp equipment such late notice of the grouping of units is most unsatisfactory.

29

Conference with Officer i/c Admin. in connection with provision of Staff for Bde. Workshop. Decided it was possible to staff one from personnel already here and coming with Fourth Reinforcements, but that all the personnel for the remaining Workshops should come from N.Z.

30

Went to Helwan with SOME and inspected the Australian Field Workshops.

Leave for Western Desert. 2/Lt. England accompanies me. Call at 2 Cav. and discuss M.T. matters with OME & T.O. Call at GHQ Troops Workshops to discuss position of major repairs for 4 Bde. Group with Major. Berry. At H.Q. 4 Inf. Bde have conference with Staff Captain regarding M.T. and Ordnance matters affecting Units in Bde. Group.

7

Conference with Asst. Staff Captain continued. Call on 4 Fd. Regt., 9 LAD., 34 A. Tank. Bty., 4 Fd. Amb., 5 Fd. Park Coy. and 10 LAD. At 5 Fd. Park Coy. inspect workshops and water pump stations.

8

To H.Q. W.D.F. Long session with Col. Howard-Jones. (COME) Arrange with him to purchase locally Chev. tools and welding gear for LAD's. Also Col. Howard-Jones arranges for charging plant to be sent to H.Q. 4 Inf. Bde. COME informs me that N.Z. Division must consider forming either Divisional or Bde. Group Workshops and he suggests that this matter be discussed with DOS at M.E. on my return. It is realised that GHQ have agreed that Field Workshops are to be provided for 2nd line repairs for N.Z. Division, but it is considered that if these Field Workshops are provided they should be staffed and controlled by N.Z. Division. To inspect Australian 2/2 Army Field Workshops which are well equipped with tools and machinery, if ever we are called upon to design our own field workshops, consider we should follow the Australian plan in some respects. Their L.A.Ds. are equipped with a garage trailer which is in effect a small mobile workshop. We should enquire if any of these Units are available as they would be admirable for our LAD's.
